Full-Stack Developer | 2024- current

Fassla for Software Solutions

EXPERIENCE

- Built scalable APIs using Laravel and Linux server environments for mobile apps.
- Integrated WebSocket and Firebase for real-time app features.
- Developed dashboards using React, Laravel Blade, HTML, CSS, and JavaScript.
- Led WordPress development (custom themes, plugins, and web builder integrations).
- Managed deployments across Hostinger, AWS, CPanel, Namecheap, and cloud/VPS systems.
- Integrated national and international online payment gateways.
- QA tested mobile apps (iOS/Android) and web systems (CRM, HR, Accounting, POS, Appointments).
- Handled advanced server-side setup: SSH, FTP, and email systems (IMAP/SMTP/POP, CNAME configs).

Fassla for Software Solutions – WordPress Developer Intern 2024

- *Contributed to responsive website builds using WordPress, HTML, CSS, and React.js.*
- *Debugged layout and cross-browser issues to improve performance.*
- *Collaborated with UI/UX designers and project managers to meet deadlines.*
- *Assisted in plugin integrations and front-end enhancements.*
